

Call for Practice Sessions: talks, posters, demos, tutorials, and exhibitions

mLife Events : A Platform for Socially Responsible Organizations in Mobile Value Chain

2-4 Sep 09 | Barcelona, Spain

<http://www.m4life.org>

Organized by the Mobile Government Consortium International and the Barcelona City Council.

Speak at the mLife 2009! Send in Your Practice Session Proposals ...

Practice sessions aim to cover real world applications, experiences or current developments related to topics of mLife conferences. Public or private sector professionals are invited to submit a 'one A4 page proposal' for talks, posters, demos, tutorials, and exhibitions.

All Submissions via: <http://m4life.org/openconf/openconf.php>

BACKGROUND

Mobile technologies are having a great impact on how we live our lives. These influences range from personal relations to interaction in society, and from the transformation of the public sector to the dynamics of economic development. mLife conference and exhibitions are prime events for all organizations and professionals who would like to monitor, take part in, and shape the development of the social impact of the mobile revolution. They provide opportunities to businesses, public sector organizations and researchers to explore the frontiers of the social mobile revolution and be informed in order to reach their goals.

THREE CONFERENCES

The conference will cover all aspects of mobile life, technology, services, implementation as they relate to individuals, society, economies and governments. The conference will be organized around three major themes:

mSOCIETY 2009 The 2nd International Conference on Mobile Society

Mobile Society refers to the emerging trends of the collective-life on earth driven by the technology of networked mobile phones and other mobile devices. These technologies and its fast and wide adoption is influencing the way we live in the society, we run businesses and the way we are as an individual. The Second International Conference on Mobile Society (mSociety 2009) aims to be a platform for the presentation, exchange and dissemination of the latest developments, ideas, applications and services involving all aspects of practice and research in mSociety.

EURO mGOV 2009 The 4th European Conference on Mobile Government

Mobile Government involves revolutionary approaches to the modernization of public sector via the utilization of networked mobile technologies in local or central government organizations. It aims to enhance public sector business by creating new opportunities to provide services to society. mGovernment is now a recognized field of practice and research, and constitutes the next evolutionary step of progress in eGovernment. The EURO mGOV 2009 aims to be a platform for presenting, exchanging and disseminating the newest developments, ideas, applications and services in the field of mGovernment among public and private sector professionals and the researchers.

mDEVELOPMENT 2009 The 1st Int. Conference on Mobile Development

Mobile technologies have significant impact on not only individual life, societies and organizations but also on economies. This impact is clearly visible for the developing economies in Africa, Latin America and parts of the Asia. mDevelopment 2009 aims to explore the impact of the mobile technologies on economic and social development and invites all professionals from public, private, non-profit and third sector org organizations to create a prime platform for knowledge exchange and dissemination.
